About this training opportunity:

Powerful Leaders for Justice is a unique training opportunity. WISDOM (our state-wide network) in partnership with ESTHER and JOSHUA has taken key community organizing concepts from Gamaliel national weeklong training and has condensed it into a two-day program. This training will provide leadership skills and action tools for those wanting to make powerful change in their communities. English and Spanish tracks will be offered.

You will learn about what it means to be a powerful leader, how your own interests can be an aid in changing the community, methods of relationship building and how to "cut" an issue, putting into action steps toward positive change.

What is included?

Meals and snacks will be provided beginning with dinner on Friday through breakfast and lunch on Saturday. Housing will be available through host families for those not residing in Green Bay. Childcare will be provided at the church during training sessions only.
